

Spotlight on College Research Activity

Research Infosource shines the spotlight on two aspects of college research activity that reflect how successful colleges are in addressing and meeting their customers' and collaborators' needs: partnerships and completed projects.

Top Research Colleges by Number of Partnerships*

Rank	Large Colleges	Partnerships #	Rank	Mid-sized Colleges	Partnerships #	Rank	Small Colleges	Partnerships #
1	Algonquin College	120	1	Olds College	55	1	Collège d'Alma	109
2	George Brown College	101	2	Cégep Édouard-Montpetit ^(a)	53	2	Cégep de Thetford	83
3	British Columbia Institute of Technology	100	3	Bow Valley College	45	3	Collège Shawinigan	27
			3	La Cité collégiale	45			

Top Research Colleges by Number of Completed Projects*

Rank	Large Colleges	Completed Projects #	Rank	Mid-sized Colleges	Completed Projects #	Rank	Small Colleges	Completed Projects #
1	Algonquin College	180	1	La Cité collégiale	62	1	Collège d'Alma	147
2	George Brown College	91	2	Cégep Édouard-Montpetit ^(a)	58	2	Cégep de Thetford	81
2	Sheridan College	91	3	Cégep de Trois-Rivières	41	3	Cégep de la Gaspésie et des Îles	61
3	NAIT - Northern Alberta Institute of Technology	67	3	Collège communautaire du Nouveau-Brunswick	41			

Notes:

1. Data were obtained through a survey of publicly-funded colleges and from financial statements.
2. Data are provided for the main college including affiliated research institutes/centres, where applicable.
3. Large college = total income (received from all sources in FY2012-2013) of \$100 million or more; Mid-sized = total income between \$50 million and \$100 million; Small = total income of \$50 million or less.

*Research partnerships and completed projects with external organizations in FY2012-2013 that were governed by formal written agreements. Includes research contracts and collaborative research agreements. Does not include research grants.

^(a) Formerly named Collège Édouard-Montpetit.
