

FOR IMMEDIATE RELEASE

**Combined Ontario Universities Research Income Bests National Growth
Queen's, York, Laurentian Out-Perform
Toronto, Waterloo, Lakehead Named Research Universities of the Year**

Toronto ON, 25 October 2018. Eighteen Ontario universities on *Canada's Top 50 Research Universities List*, released today by Research Infosource Inc., recorded combined research income growth of 10.6% in Fiscal 2017, compared with the national trend of 6.8%. Total Ontario university research income rose to \$2.98 billion from \$2.70 billion in Fiscal 2016. Queen's University topped the institutions in the Medical category increasing their research income by 36.4% to \$207.0 million, and placing 11th nationally, York University led the Comprehensive category in research income growth (44.3%) and overall, increasing their research income to \$96.0 million and placing 21th nationally. Laurentian University was the research income growth leader in the Undergraduate category (36.8%) with \$32.1 million in research income in Fiscal 2017, and placing 28th nationally. University of Toronto recorded \$1.15 billion of research income to lead the Top 50. Other Ontario leaders were: McMaster University (\$380.0 million, 7th place overall), University of Ottawa (\$324.6 million, 9th place), Western University (\$249.7 million, 10th place) and University of Waterloo (\$189.3 million, 12th place).

"Ontario universities performed very well this year", said Ron Freedman, CEO of Research Infosource. "Research income expanded at 13 of the 18 institutions. Strong Ontario performance this year comes in the wake of tepid growth the year before. Moreover, Ontario's growth of 10.6% was well ahead of the national trend of 6.8%."

Nationally, combined research income of *Canada's Top 50 Research Universities* jumped by 6.8% to \$7.33 billion in Fiscal 2017 from \$6.87 billion in Fiscal 2016 - the strongest gain in a decade - according to Research Infosource Inc., which today released its annual research ranking. Research income expanded at 33 universities and declined at 17. In top spot was University of Toronto, which expanded its research income by 13.8% to \$1.15 billion. University of British Columbia (\$577.2 million, 8.5% gain), Université de Montréal (\$536.2 million, 2.6% gain), McGill University (\$515.3 million, -5.9% decline) and University of Alberta (\$513.3 million, 18.4% gain) rounded out the top 5 institutions. Research intensity - research income per faculty position - grew to \$185,500 nationally, a 5.4% gain. Research intensity - research income per graduate student - grew to \$38,000 nationally, a 4.2% gain.

Research Infosource has designated 3 institutions as *Research Universities of the Year 2018* in their respective categories: University of Toronto (Medical), University of Waterloo (Comprehensive) and Lakehead University (Undergraduate). These institutions demonstrated superior performance on key measures of research success.

This year, Research Infosource spotlighted **university research partnerships** - measured by grants or contracts received from corporate and not-for-profit sources during the period FY2013-FY2017 at full-service universities. Top placed winners were:

Corporate research income: McMaster University (\$498.5 million) in the Medical category, University of Guelph (\$99.9 million) in the Comprehensive category and Université du Québec à Chicoutimi (\$49.0 million) in the Undergraduate category.

Corporate research income as percent of total university research income: Memorial University of Newfoundland (31.4%) in the Medical category, University of Guelph (13.5%) in the Comprehensive category and Université du Québec à Chicoutimi (38.6%) in the Undergraduate category.

Corporate research income growth (% change 2013-2017): Memorial University of Newfoundland (160.2%) in the Medical category, York University (354.3%) in the Comprehensive category and Laurentian University (95.6%) in the Undergraduate category.

Not-for-profit research income: University of Toronto (\$1.46 billion) in the Medical category, University of Waterloo (\$107.1 million) in the Comprehensive category and Lakehead University (\$20.7 million) in the Undergraduate category.

Not-for-profit research income as percent of total university research income: University of Manitoba (29.1%) in the Medical category, Simon Fraser University (16.6%) in the Comprehensive category and Université de Moncton (28.8%) in the Undergraduate category.

Not-for-profit research income growth (% change 2013-2017): McMaster University (343.2%) in the Medical category, Ryerson University (725.9%) in the Comprehensive category and University of Ontario Institute of Technology (290.2%) in the Undergraduate category.
